Performance Notes

1. Measures 1 to 5 should be sung as one phrase, with no breath. Similarly, measures 6 to 10. This pattern should be followed throughout the piece, except for the end of measure 50.
2. The verses should be sung as complete measures, also with no breath, even if there is punctuation (e.g. m.13)
3. The pulse of the music should stay constant throughout the music, adhering to marked tempo changes.
4. It would be easiest to conduct each of the final eighth notes in the penultimate measures, slower, as marked.
